

## Directions for Accessing Student Learning Resources Elementary

1. Visit the BCPS main website at [www.bcps.org](http://www.bcps.org) and click the link titled “Coronavirus (COVID-19) Updates.”

2. At the top of the page under “Student Learning Resources” are directions for how students and families may use additional practice resources during the school closure. Click the link titled “Student Learning Resources” to access the practice resources.

3. On the Student Learning Resources page, students and families can access practice resources by clicking the link for their grade level (PreK-5) and by clicking the links for Special Areas (Visual Arts, Physical Education, Music and Dance, Library Media.)

### Student Learning Resources

Due to the closure of schools, Student Learning Resources are being provided for elementary school students to access for additional practice during their time off.

These items will not be graded but can be submitted to teachers upon schools re-opening. In addition, students will be coming home with self-selected books for their reading pleasure, which is another wonderful way for students to practice this lifelong skill.
